1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

I have been a customer for more than six years.

2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)

The current water / sewage prices are considerably higher than that of our surrounding neighborhoods, yet our service and quality of water is poor.

My healthy dog had lab results showing elevated liver enzymes and what appeared to be beginning stages of kidney failure. The lab results were retaken and the results showed further elevation in the liver enzymes and again kidney issues. After changing his water to purified water versus tap water, the lab results came back normal.

The lead levels were 200% higher than the allowable limits per DHEC.

It would be cheaper to just dig a well or purchase only bottled water. As far as the sewage is concerned, it's the same price regardless if we are home or away for months at a time!

Ultimately, I feel that Utilities Inc needs to re-assess their budget to cover the upgrades necessary to provide quality service. Service that doesn't send notices for Tega Cay residents not to swim because of sewage leaks!! These are results of a money hungry corporation that has ignored mandatory maintenance for way too long now.

It is now when the issues can't be ignored that they decide Tega Cay customers should pay for it!

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? \*

YES!
